

theNOAHministry

NURTURE | OPPORTUNITY | ACCESS | HOSPITALITY

coming alongside people impacted by disability

The purpose of The NOAH Ministry is to facilitate inclusion in the life of the church for the individual with special needs, their family, or their caregivers.

Our ministry will strive to serve both member and visitor families!

The NOAH Ministry:

- will offer a self-contained class at 9:30 on Sunday mornings for those children who cannot be a part of his/her age appropriate class.
(classroom is located in #12 in Multi Purpose Building / Gym)
- will provide a "Buddy" for children who can be included in an age appropriate or graded Sunday School class and/or Children's Church but would benefit from having an adult or teen helper.
- will explore service opportunities for special needs children to contribute their gifts and talents to the church
- will develop and plan respite events where children can safely enjoy fun and fellowship while parents or caregivers have free time
- will strive to develop relationships with families affected by disability in order to demonstrate Christ's love by encouragement and support, especially during difficult times
